

CompactPCI®

PlexSys-2

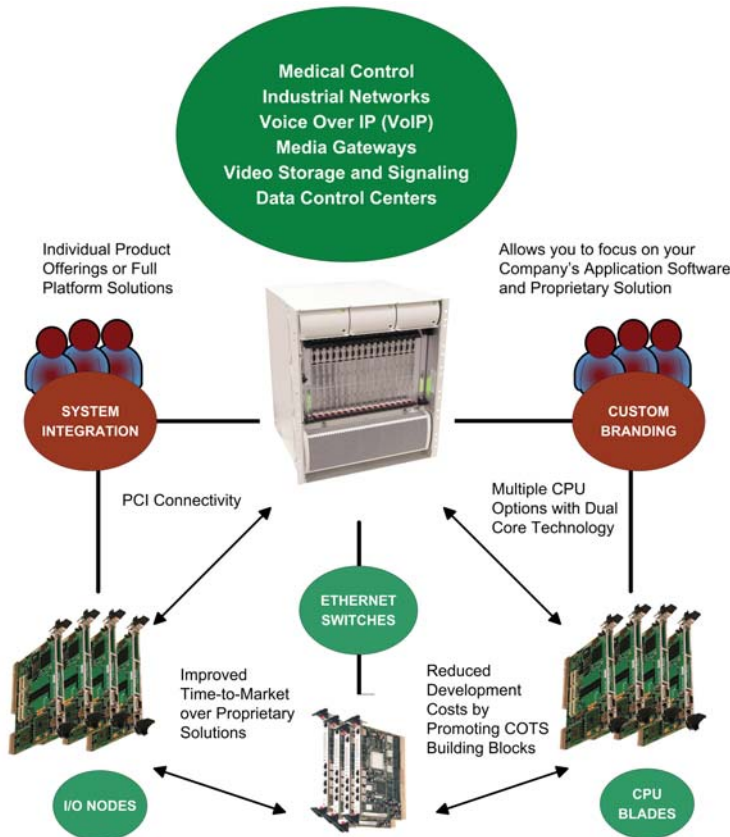

CompactPCI System

Providing a Cohesive Approach to Embedded Solutions

Diversified Technology's PlexSys-2, 2U general purpose CompactPCI System Platform, part of DTI's PlexSys family of PICMG 2.x-compliant building blocks, provides telecom and Internet IP-based OEMs an open standards ecosystem for application solutions development.

About DTI

Through a cohesive approach to embedded computing, Diversified Technology works hand-in-hand with your company to ensure that you are getting the best performance, the highest reliability, quickest time to market and the most efficient use of hardware for your embedded application.

2U Rackmount System

6U Processor Blade
CPB4612 : Intel® Pentium® M

PICMG® 2.0 R3.0 Compliant
Backplane

250W Embedded ATX
AC Power Supply

One System Master Slot and
three 64-bit/33MHz Node Slot

Parts and Labor covered
for 2 Years
